WHAT YOU CAN DO WITH FLUIX CHARTS

Identify Patterns & Trends. Spot recurring issues, seasonal peaks, or inefficiencies hidden in raw data from the field.

Analyze Incidents. Visualize issue types, frequency, and severity to prioritize corrective actions.

Improve Communication. Present clear visuals during meetings, reviews, or customer updates.

● FLUIX CHARTS

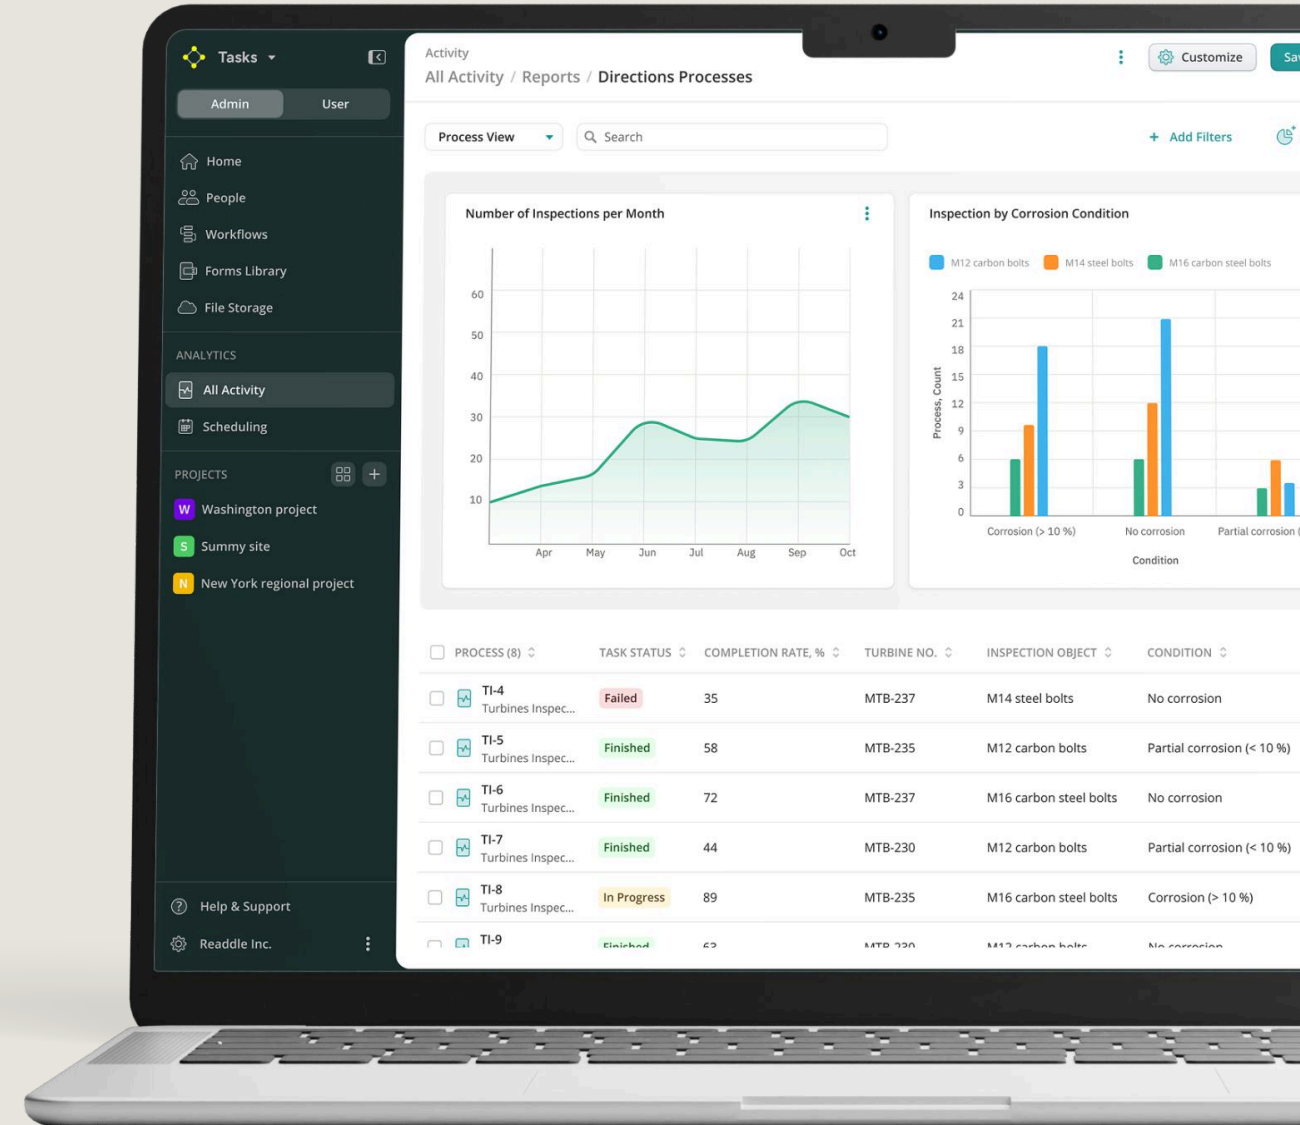

HOW IT WORKS

1. Go to **Fluix Tasks** → **Reports** in your Fluix admin portal.
2. Create a **New Report** from which you would like to visualize data, or select the existing report you want to analyze.
3. Open your Report and **Add Charts**.
4. Select fields for analysis, select formula, breakdown (optional), and chart view. Save the Chart & share instantly.

WHO IT'S FOR

All personnel working with the field data, for example:

- **Operations Managers**
- **Site Supervisors**
- **Quality & Safety Teams**
- **Project Managers**
- **Compliance & Audit Teams** will find Charts helpful for daily operations!
