WHAT YOU CAN DO WITH FLUIX REPORTS

One Source of Truth for Field Data. Consolidate data from forms and field task activities into a centralized reporting hub. Ensure data consistency, maintain integrity, and stay aligned across teams and workflows.

Visual Insights. Transform data collected in the Reports into **Charts**. Visual dashboards with intuitive widgets give you a clear picture of process performance, workload distribution, and task status at a glance.

WHAT YOU CAN DO WITH FLUIX REPORTS

Customize Reports. Track your project’s milestones, analyze performance trends effectively, or track task completion progress by creating custom reports with the exact data you need: Flexible parameters and timeframes, Multiple view modes, Broad filter capabilities.

Easy Sharing in a Few Clicks. Share reports with team members and stakeholders: Via secure links, As CSV/ XLS files, Through API export, Through integrations (Power BI and Tableau).

Save Time With Ready-to-Use Reports. Save report configurations, including columns and filters, for quick access to frequently used views. Access insights you need, without starting from scratch.
